

LifeSight Matching Kort Fund

Q4 2020

Investment objective

The investment objective of the LifeSight Matching Kort Fund is to be able to convert the invested assets in the fund into a stable pension benefit with inflation protection, regardless of the interest and inflation rates at the time you retire.

Benchmark

The benchmark for the Fund is a portfolio of interest and inflation swaps that replicate the interest and inflation sensitivity, at retirement date, of a lifelong pension benefit with guaranteed inflation adjustment.

Dividend policy

The Fund does not pay out any dividends. Dividends (and other income received) are automatically reinvested within the Fund.

Restrictions and interest rate sensitivity

The use of leverage is not allowed within the Fund. The actual nominal duration of the Fund is 13.5 years.

Securities Lending

The Fund may not participate in securities lending.

Currency policy

The Fund solely invests in financial instruments that are denominated in euros.

Sustainability

The Fund only collaborates with asset managers who are signatories to the United Nations Principles for Responsible Investment (PRI). When selecting the investments, the investments are screened on the minimum sustainability criteria of the LifeSight Foundation.
